KITSUNE'S
SECRET
ONSEN!!

Excuse me,
four for
Kitsune onsen
please~

and the human and youkai that visits here battle each other without end.

This land has always been a well spring of powerful energy,

Let me think...

A great fox spirit who seems as if she is half Land God.

Ever since then, she has continued to watch over this land for hundreds of years.

The one who ended that conflict with her overwhelming force is this place's Master, "O-Gin".

Master!
You have guests.

I hope she's not scary...

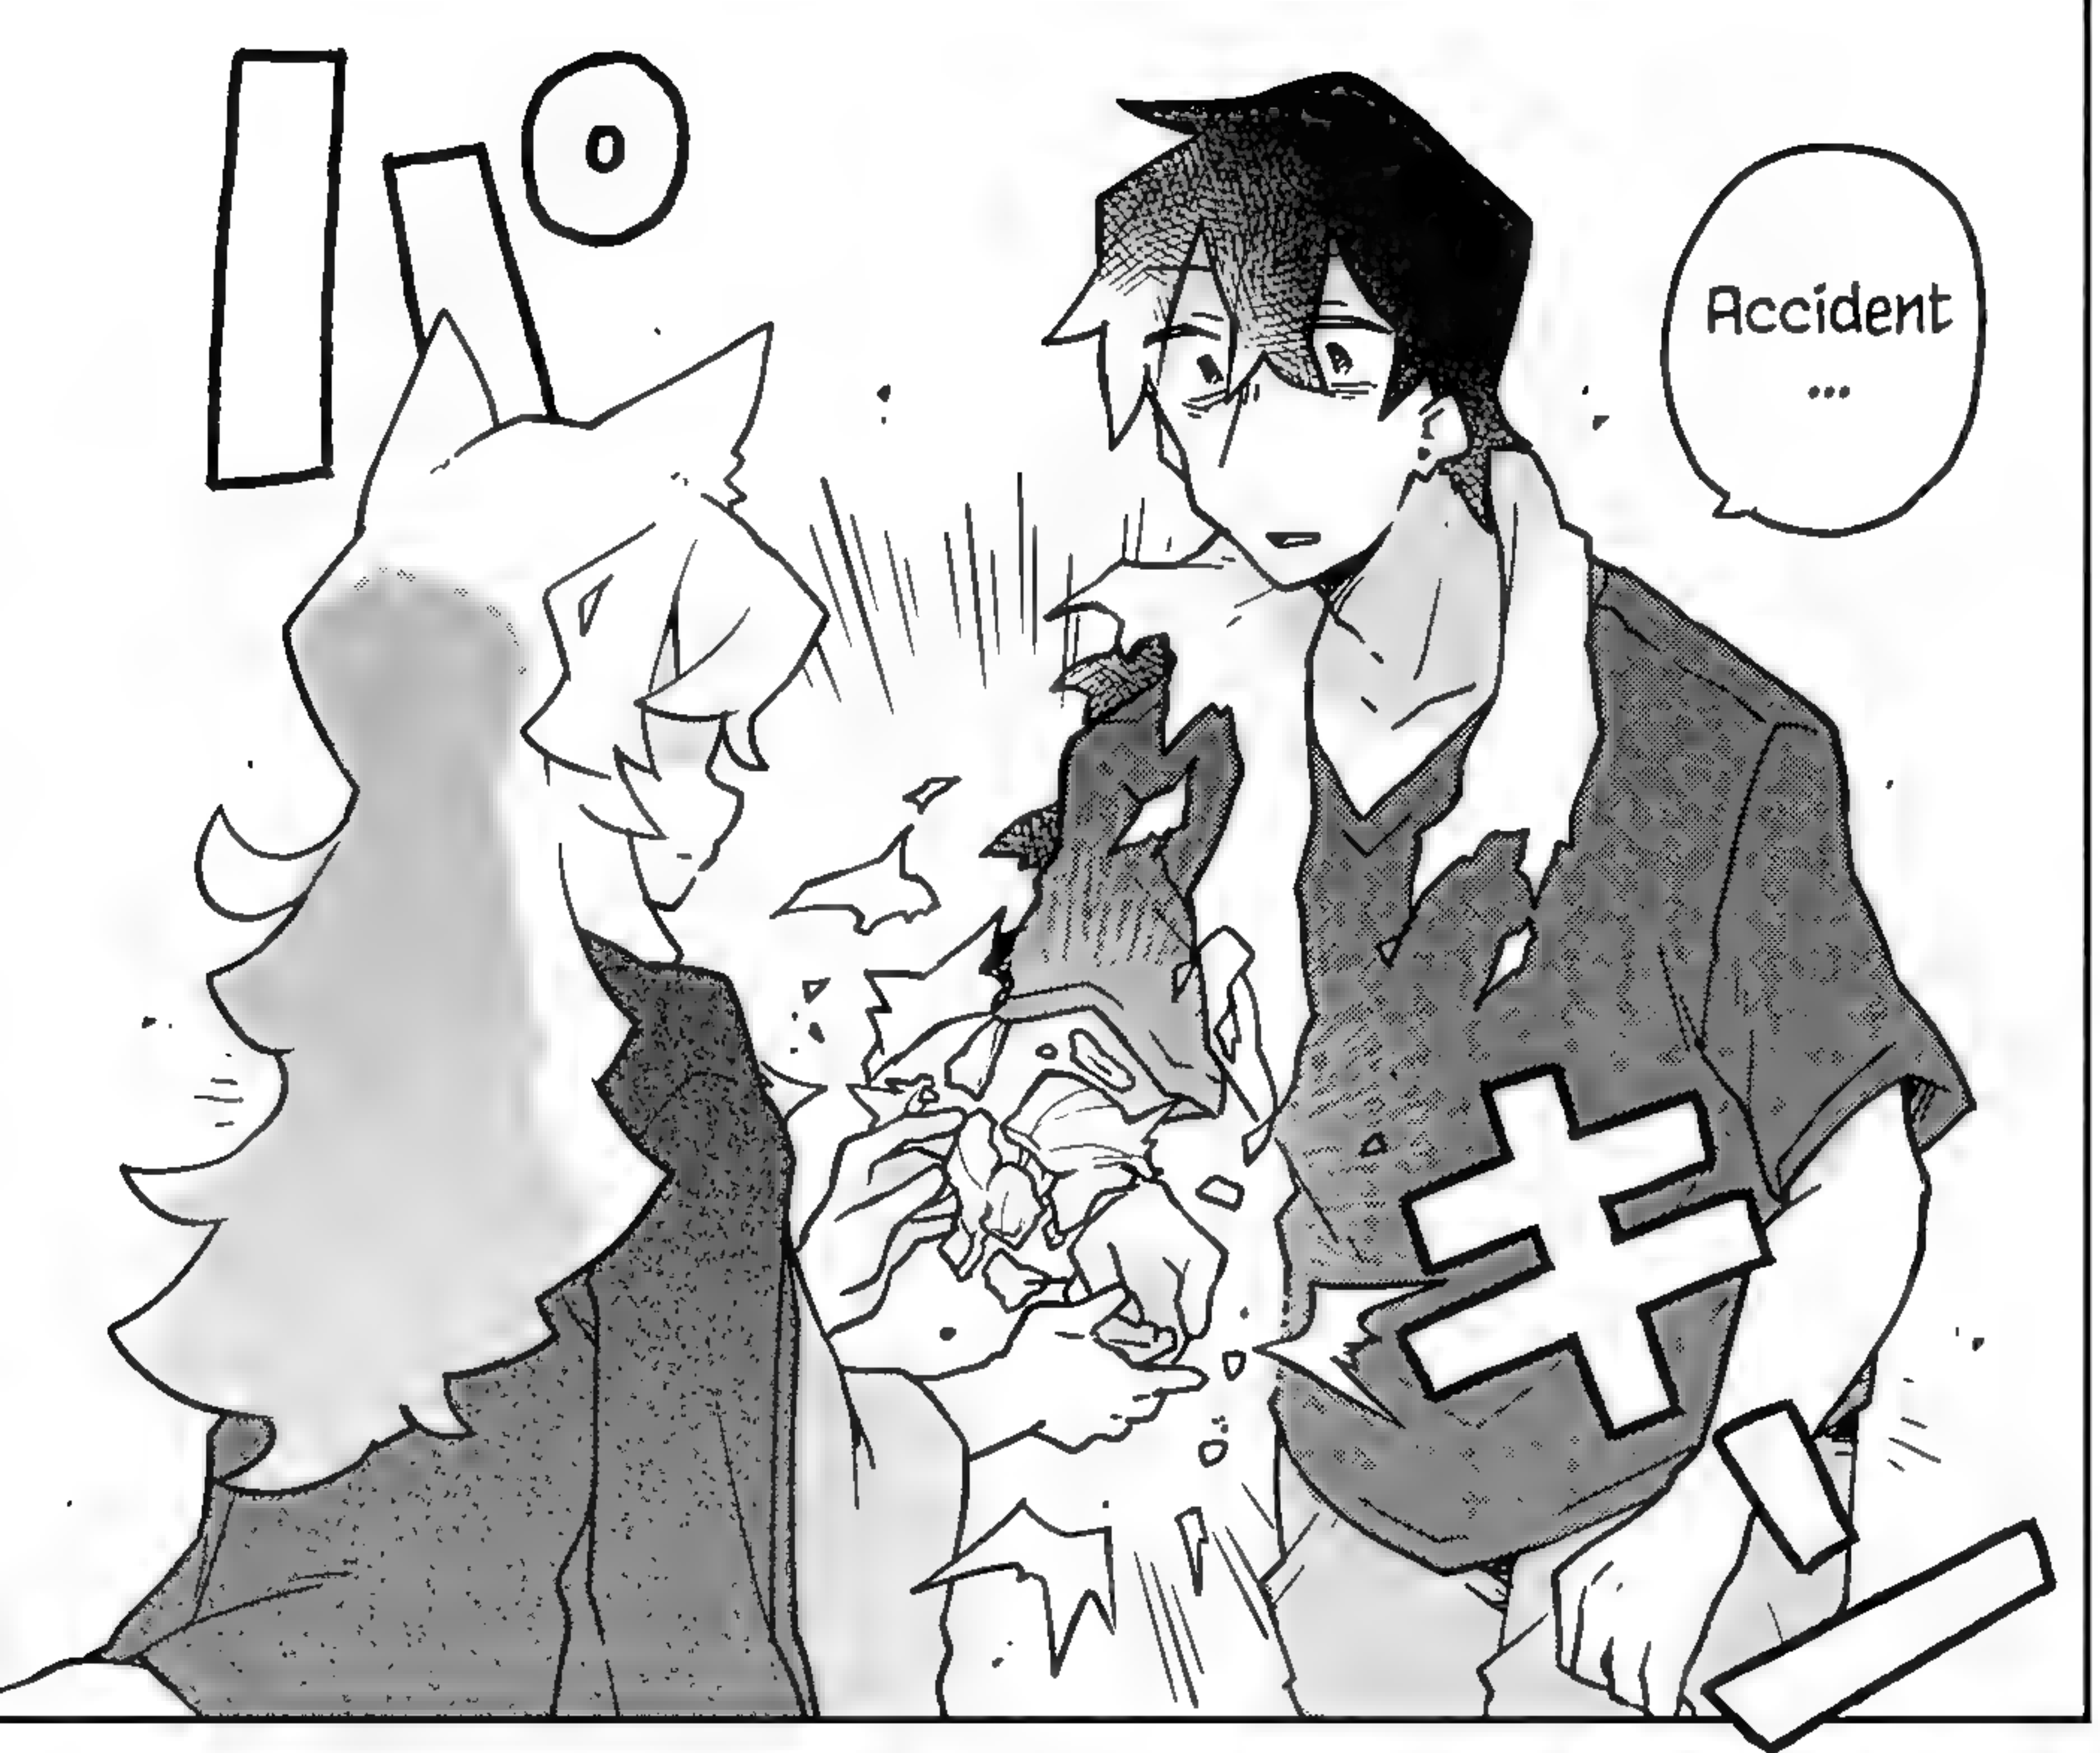

A great fox spirit ...

Such luxury, is it not?

We're the only people right now who can see this landscape, aren't we?

It's a different kind of embarrassment when you're in an open bath like this...

So you can tell...

Ugh

We have bathed together so many times already.

What are you being so embarrassed for, Dear?

I know that we have this bath all to ourselves but...

You are so innocent, Dear.

YOU'RE
RIGHT.

So fluffy...

...
not all to
ourselves,
it would
seem.

I'll stop
once I
get one
point...

One
more
point
...

Hah

Wheeze

Jazz
-ko,
don't you
want to
GO take
a Bath?
